Assalamu Alaikum Dear Parents,

Welcome to the Al-Huda Public School

The Al-Huda Public School and Teachers join me in welcoming you to the AHPS family as we start the new academic year 2015-2016. In Shaa Allah, this year will be full of academic achievements and character development for all our children. Our primary goal for this academic year is to ensure a real Islamic environment for each child, which is safe and conducive to his/her academic and character development.

Providing quality education, which is full of Taleem, Tarbiah, Adaab, and Akhlaq, is indeed a real challenge. I ask Al-lah (SWT) to help us to accomplish all the objectives we have set for this year. I am sure that with the grace of Allah (SWT), parental support, and the help of the community we will be able to face the challenges, and will achieve our goals, In Shaa Allah!

I assure you that AHPS administration and Teachers will make every possible effort to ensure your child's educational needs are well taken care of, and Alhamdu Lillah,, our school is blessed to have qualified professional educators ready to teach your child, and make his/her educational journey successful with practical facilities like Masjid and Wadu facilities available in school premises.

In order to provide quality education and maintain an environment that is conducive to learning, AHPS sets high academic, character and behaviour standards. True success comes if policies and rules are properly enforced and the students and the parents wholeheartedly adhere to the policies and procedures. For this purpose, the school has prepared a special Handbook to provide you with a complete understanding of the mission, philosophy, policies, and procedures of AHPS for the academic year 2015-2016. It is also a means of communication between the school and the parents. Please read it carefully, discuss its contents with your child for better understanding, and keep it available.

We hope you will communicate with your child and his or her teacher about study habits and homework, and ensure that your child arrives at school ready to learn every day.

If you have any questions, the staff at AHPS and I will be more than happy to assist you. Jazak Allah Khairan for entrusting your child to us, looking forward to a successful year at AHPS, In Shaa Allah!

Extra-Curricular Activities of AHPS

Educational Excursion

To learn about 'the world around us', students are taken on periodically educational excursions to places of public or social importance to see and learn about those places and their activities.

Sports

The School provides supports, facilities and encourages the students to participate in the different sports events.

The Annual Day

School showcases the performing arts and talents of the students before their parents, relatives and outsiders.

The (Islamic Songs), Qira'at and Display of Talents galore are usually, as any outsiders comment, 'awesome' and 'fantastic'.

The Annual Day is conducted with one of the highest levels of professional and parents

Parents Participation

The Parents' participation in their child's development at school and home are invariably interlinked and vital for overall growth and stability of the child at home and school.

The parents are therefore encouraged to meet, interact and review their child's education and development with his/her teachers. They are also invited to join in the special events and programs of the school like 'An-nual Sports', 'Islamic Vision', 'Personality Development for Parents.

In the process, it has been noticed, the Islamic understanding, learning and growth of the parents as well as the bonding with their child grows remarkably strong. The parents must contribute their duty at home to provide islamic environment to their children at home too. This will help the child to practice the learnings of islam, taught in school, at home too. The parents make sure that their children practise all sunnah, aadab and aklaqh at home and do not spend time in watching TV programmes which can dislocate the child from Deeniyat. This way the parents will coordinate with teachers.
